Dear Mr Barker

Thank you so much for bringing the Choir of St Stephen's Church, Canterbury to sing the services for us on 11 – 12 April and for providing us with so much appropriate music and singing. I do hope that you all enjoyed taking part in the services. Music is absolutely central to the way the liturgy is performed, and your contribution was greatly appreciated. Please thank all members of the choir and your organist for the part they played. We were particularly grateful for the very positive way in which you responded to our request to reduce the length of the organ interlude in your own piece on the day on which our Bishop Elect was at Evensong. This was a significant day for the Cathedral and Diocese and I hope you enjoyed being part of it.

We should be delighted to welcome the choir again so do contact the office if you would like to arrange another visit in the future.

With all good wishes

for a very happy Easter

Yours sincerely

Jeremy Davies
